Comprehensive Referral Program

Communications and Other Content Templates (BHR to Participant)

Sign Up pages allow participants to sign up now for an email campaign, with an option to register later. An example of their use is a booth at conventions; if the study wants to get people signed up, and to get a reminder email when they go home, but not to do the whole study at our booth.

Please complete the templates below by filling in the highlighted sections. This does not need to be submitted to collaborator's IRB since all these templates are approved by UCSF IRB.

Participant Sign Up Page

<COLLABORATOR Logo>   BHR logo

<BHR COLLABORATION NAME>   I already have an Account

Optional Text – If you choose not to include 'Sign Up Text', the sign-up form will be centered on the page below the title. You may still include a 'Sign Up Form Text' that will appear above the First Name, shown in the example*

Color of Registration box can be matched to Collaborator logo

Title: Will be displayed as a header at the top of the page/widget

Text: If there is text in this box, it will be displayed to the left of the form.

Form Text: If there is text in this box, it will be displayed above the form.

Sign Up Fields: Select the fields you would like to be collected at signup.

Thank You Title: After signup, participant is taken to a "Thank you" page. This is the header for that page

Thank You Text: This is the text for the "Thank You" page.

Allow Registration: If this is checked, there will be a registration button on the "Thank you" page that allows the participant to continue.

Sign Up
